

# In Loving Memory of Nancylee Salerno

## Nancy Nurtures

Nancy Nurtures  was founded in memory of Nancylee Binder Salerno by her loving family in August 2013. Nancy's life was tragically cut short at age 61 when she was killed by a drunk driver who entered the highway traveling in the wrong direction. She was a long-time resident of Southington, Connecticut and is remembered fondly for her endless energy, giving spirit, and as a devoted mother to her five children. Nancy was actively involved in the family businesses

Tops Market and Carmela Marie when she wasn't practicing her nursing profession serving her pediatric patients.

Nancy Nurtures was created to improve the quality of life by supporting community organizations that contribute to building strong and healthy families.
